

PORTRAIT OF A HAMILTON GRADUATE

Resiliency

Our students overcome and learn from various levels of adversity, embrace change and thrive in evolving environments. They demonstrate grit and engage in critical thinking to confidently solve problems and rise to challenges.

Integrity

Our students hold themselves and others to high standards. They continually strive for excellence through self-improvement, open-mindedness and empathy towards others.

Accountability

Our students are dependable and dedicated. They take initiative and ownership of how their actions impact others. Their strong work ethic inspires those around them and builds a culture of reliability.

Collaboration

Our students connect with each other and their larger community to recognize what we can accomplish together. Strong interpersonal skills help them build relationships, respect all voices and actively contribute to achieving shared goals.

Curiosity

Our students are lifelong learners, who celebrate a growth mindset. They remain open to new ideas and possibilities. Innovative thinking provides the tool set they need to remain inquisitive while navigating what is yet to come.
